

What to scan during a civil disturbance when first responders are encrypted.

Not knowing your area radio NETS, many of these are broad suggestions based on my area of monitoring.

But the major items is already knowing who is who/what/enc before hand. And validating they actually do use radios

- a. Your Fire Dept
- b. Your DPW
- c. Your EMS
- d. Your EMA
- e. The Regional Mutual Aid Channels (Police, Fire, EMS)
- f. State EMA and NG
- g. State Police/Patrol
- h. County Sheriff (here they run the jail so not needed)
- i. Federal NIFOG channels
- j. Your routine Federal Agencies (this you would need to have/know in advance to ID who is who and who is ENC)
- l. Your Transit Agencies (Cabs, Bus, Rail)
- j. Mall / Store Securities
- l. the list goes on.... News Media channels (not just what is on TV)
